# WHO ARE WE AND WHAT WE DO?

Since our inception in 2001, we have grown from a humble single shop into the largest HVAC contractor and air conditioner retailer in Bareilly district. With a dedicated team of over 70 skilled technicians, we pride ourselves on delivering exceptional service and expertise to our clients.

Our journey began with retailing consumer air conditioners while providing free AC maintenance. As we expanded, we became a leading contractor for VRV projects, partnering with industry giants like Daikin and Mitsubishi Heavy Duty. Today, our offerings include not only state-of-the-art air conditioning systems but also chillers, heat pumps, ventilation systems, air and water purifiers, and Godrej home interiors.

At Khandelwal Distributors, we are committed to providing innovative solutions tailored to meet your HVAC needs. Whether you're looking for residential comfort or commercial efficiency, our experienced team is here to ensure you receive the highest quality products and services. Let us help you create the perfect indoor environment!
